Glen Cove™
Transitional Collection

DREXEL HERITAGE®
Glen Cove™

The Glen Cove Collection defines transitional fine furniture for today. Influenced by classic furniture forms from the 1940’s, Glen Cove features crisp, clean lines, elegant woods and fine finishes. Its lustrous quartered walnut veneers complement the architectural shapes and forms inherent in all pieces of the collection. Key elements include: beautifully crafted, flushed and rounded corner details and legs, and clean elegant hardware. Offered in two beautiful finishes – one a rich medium brown, one lighter. With furniture designs for Bedroom, Dining Room and Living Room, this collection exudes grace, glamour and transitional style that will stand the test of time.

HERITAGE HOME QUALITY

Expect the same high-quality Heritage Home construction details, which feature the finest raw materials and most experienced furniture artisans in the trade, along with the new additional premium quality feature.

- **Quality Hardwood Species and Veneers**
  Hardwood is kiln-dried to 5-7% moisture content, which minimizes warping and cracking.

- **Strong Drawer Box Construction**
  Contract quality drawer glides & dovetail construction strengthens drawer box and increases longevity.

- **Secure Assembly**
  Cabinets and drawer frames assembled using double dowel techniques and corner blocks that are glued and screwed to increase strength and durability.

- **Finishing Process**
  Beauty, protection and durability are all preserved in a delicate 24-42 step hand-finish process.

- **New! DH Shield Premium Topcoat Finish**
  New pre-catalyzed lacquer topcoat applied to casegoods top surfaces to increase the durability of the wood finish. Which protects against moisture, common to household products, scratches and rubs.

- **New! Performance Upholstery**
  New Crypton® dining chair fabric options provide superior protection against stain, moisture and bacteria, common to household products, scratches and rubs.

Solid paint finishes may show cracks in structural joints, distressing, undulations, unevenness and other imperfections that are part of the design and finish of that particular case in its standard wood finish. These blemishes do not indicate faulty materials or poor workmanship, nor will they affect the structural integrity or durability of the piece. They are characteristic of the original wood finish you have chosen to finish over with our solid paints and will not be considered a reason for return or replacement.

DH Shield is an optional catalyzed lacquer topcoat which may be applied to the tops of many Drexel Heritage products. This material will provide increased durability and enhanced protection on wood finish and nearly all painted tops against moisture, common household products, as well as most scratches and rub marks. Since only the top of the furniture will be re-coated with the hard topcoat there may be slight variation between the top and vertical surfaces of the furniture. Every effort will be made to match the original sheen of the furniture as closely as possible. While DH Shield is a very hard topcoat, it is important to remember proper care should still be taken to protect the surface of your furniture including the immediate removal of all spills.
In 1903 the Drexel Furniture Company was established near the foothills of the Appalachian Mountains and soon began making furniture in a small factory in Morganton, North Carolina. For over 100 years the Drexel name has been synonymous with fine furniture, creating a handmade product and setting the standard for style, quality, functionality and comfort.

Drexel Heritage is proud to be participating in the Department of State (DoS) Worldwide Residential Furniture Program. Heritage Home Group, and its iconic Brands such as Drexel Heritage, Thomasville, Henredon and Lane, along with Marvin J Perry Inc. (their government representative) bring extensive experience to this Program with over 45 years of commitment. We also have a dedicated customer service team, logistics experts, and manufacturing capacity to ensure that we can deliver your furnishings in a timely manner.

Today, HHG has two dedicated factories in Lenoir, NC producing furniture for this program. Also, all furnishings and accessories on the Drexel Program are manufactured domestically creating thousands of jobs in the United States. Our suppliers produce recliners in Mississippi, lamps in Arkansas, table pads in Ohio, mattresses in NC, patio furniture in Florida and beds and cribs in New York.

HHG and its brands are committed to being a sustainability leader in the furniture industry and having a positive impact on our environment, communities, and our world. All HHG domestic facilities are Enhancing Furniture’s Environmental Culture Registered. We operate our company in a way that creates value for its customers, employees, and owners while continuously improving the sustainability of our products.

Some decorative items used in room settings are one-of-a-kind, and are not available for purchase. Each piece of Drexel Heritage fine wood furniture is finished by hand and involves many steps. The result is a beautiful and unique piece. Wood has grain and color variations due to the growth pattern of each tree. Due to these variations and the process by which we hand finish each piece, finishes on individual pieces will not necessarily match. The finishes shown in this catalog have been reproduced as accurately as possible. For the truest representation, please see your authorized Drexel Heritage dealer.
